Wokingham Home Library Service

Do you know someone who enjoys reading but finds it difficult to get to the library?

A free book delivery service is provided including large print books and audio books for people who find it difficult to get to the library. The Home Library Service is for people who are housebound, have mobility issues or are caring for someone.

They can arrange for a volunteer to visit them regularly at home with books matching their reading tastes. The service is flexible and free.

There are many vulnerable people in the community who would benefit from this service.

Further details can be found on the website:
