For the attention of Simon Dunn

**Application: 211667**

**Appeal: APP/X0360/W/21/3279867**

Dear Sir,

**Re; Appeal by Hutchinson UK Ltd, on land at Broadwater Lane, Hurst, Berkshire RG10 OEH. Prior approval submission for the installation of an 18.00m Phase 8 Monopole C/W wrapround Cabinet at base and associated ancillary works.**

Hurst Village Society is grateful for the opportunity to comment on the appeal that has been made to the Secretary of State against the decision of Wokingham Borough Council to refuse the above prior approval application.

Our original letter of objection is attached to this letter and we would wish to reaffirm all our comments to the Secretary of State as we believe they are still relevant and would ask that they are taken into account when determining this appeal.

In addition we are not convinced that the applicant carried out a proper assessment of any other possible sites in the locality, or sought the advice of the Local Planning Authority in doing so. HVS is only commenting on the planning issues relating to the siting of this mast and makes no comment as to the need for such a facility in the village.

Yours faithfully,

John Osborne on behalf of Hurst Village Society
