

The Rt.Hon. Theresa May MP.,  
The House of Commons,  
London  
SW1A 0AA

15<sup>th</sup> March 2022

Dear Mrs. May,

**Land To The East of Lodge Road, Hurst, Berkshire**

Thank you so very much indeed for writing to Wokingham Borough Council, in their role as the Local Planning Authority and raising your objections to the development proposals included in a recent Outline Planning application. The members of the Hurst Village Society and also the many other local residents who are also opposed to this development are very grateful for your support.

Your colleague Tom Ahern has been extremely helpful and I have assured him that I will keep him up to date on all issues relating to this planning application. The local community is fully engaged with the campaign against the development proposals and over 140 residents attended two drop in sessions last week-end at which members of the campaign team were available to familiarise them with the details of the application and discuss the guidelines on how as individuals they should register their objections to Wokingham Borough Council.

Once again many thanks for your ongoing interest and support.

Yours sincerely,

John Osborne, on behalf of Hurst Village Society
