For The Attention of The Chairman and Members of St.Nicholas Hurst Parish Council

Dear Councillor Smith,

Many thanks to you and your colleagues on The Parish Council for all your efforts firstly, in facilitating Rule 6 status and then, all the hard work in engaging a Barrister and preparing and delivering a case at the recent Planning Inquiry into proposed developments on land East of Lodge Road. It supported the case put by Wokingham Borough Council and coordinated the statements made by other groups and residents in the community. A job well done in bringing about a decision that will preserve the character and identity of Hurst and has brought huge relief to the whole community.

Yours sincerely,

John Osborne, on behalf of Hurst Village Society
