For The Attention of Ian Church, Team Manager (Senior Specialist) Growth and Delivery

Dear Mr Church,

Many thanks for all your hard work and also that of your colleagues in putting forward such a compelling and targeted defence at the recent Inquiry into Wokingham Borough Council's decision to refuse planning permission for the proposed developments at Land East of Lodge Road, Hurst.

Each of the experts presented their statements in such a professional and determined manner. In particular the case you put forward in relation to the 5 year housing supply was expertly done and your defence of Wokingham's achievements clearly resonate with the Inspector as is clear in his Decision Letter.

Thank you to everybody involved at Wokingham Borough Council.

Yours sincerely,

John Osborne, on behalf of The Hurst Village Society
