WBC Local Plan Consultation - open until 24 January 2022

The draft strategy includes a new garden village of about 4,500 homes, with at least 2,200 to be built by 2038, plus generous green space on land south of the M4, between Shinfield, Arborfield & Sindlesham.

It also proposes about 800 new homes within the council's existing South Wokingham major development & smaller scale development elsewhere, plus dozens of new areas of local green space & continued commitments to providing affordable housing & addressing the climate emergency.

Public Meetings have now taken place (which members of the HVS Committee attended). There are a significant number of background papers and pieces of research that have informed this consultation. There is one more **virtual meeting on 6 December**. For more information, visit engage.wokingham.gov.uk.

This is a long drawn out process and it is not expected, that following a further consultation period, any updated Plan will be submitted to the Government until towards the end of 2022, with actual adoption of the Plan not taking place until a year later in late 2023.
