Subject: WBC Draft Local Plan - Sites 5HUU030 and 5HUU002

Dear Maria,

I refer to the recent Parish Council meeting at which XXXXX and The Hurst Village Society (HVS) made representations to The Parish Council (HPC) as to the validity of the methodology used in Wokingham Borough Council's (WBC) Housing and Economic Land Availability Assessment and Sustainability Appraisal regarding the above sites and that as a result material planning considerations which should have been considered were either omitted or disregarded. My understanding was that the Parish Council was supportive of this representation and would raise the matter with WBC either directly through the Chairman or by formal notification from HPC. Please can you confirm that this indeed was the case and I would be very grateful if I could have a copy of any correspondence with WBC for HVS's records. Many thanks and I am very appreciative of your support in this matter.

Yours sincerely,

John Osborne on behalf of HVS
